Passion for life

# Renault KADJAR

1 October 2018

# Be bold, be active

With fluid lines, an aggressive grille and athletic shoulders, the Renault KADJAR is boldness incarnate. Inspired, solid and sporty, it's by your side in whatever you do and is ready to venture into new horizons at the drop of a hat.

## Strength of character

Offering sculpted and enveloping rear lights, a "C" shaped LED light guide on the daytime running lights, and light 17" and 19" alloy wheel rims, the KADJAR asserts itself with authority and distinction, proud of its innovative lighting signature.

# Urban adventure

Be adventurous every day and set out to discover the city in a new light.

With its Blue dCi 115 engine, its Stop & Start and regenerative braking system, the KADJAR is a top performer in consumption and CO<sub>2</sub> emissions (113-117g of CO<sub>2</sub>/km\*), making it an eco leader.

\* Figures are obtained for comparative purposes in accordance with EU Legislation and may not reflect real life driving results.

# Set off for new adventures with the Renault KADJAR

At the wheel of your new crossover, explore uncharted territory and new horizons. Safe, connected and user-friendly, the Renault KADJAR does away with convention: its efficient engines, multiple driving assistance features, its comfortable and bright interior, and its intelligent modularity make it the ideal vehicle for escaping.

# Efficiency without compromise

The engines powering the Renault KADJAR are advanced, reliable and low on consumption. Fitted with the Stop & Start system with regenerative braking, they include a host of technologies (downsizing, friction reduction, latest-generation injection systems) that elevate them to exemplary levels of performance and consumption, all without sacrificing your driving pleasure.

## **TCe 140**

### **Flexibility and control**

Flexible and responsive from low rpm, this petrol engine delivers power with its turbo function and economy with low fuel consumption.

## **Blue dCi 115**

The Renault Kadjar benefits from the latest Blue dCi diesel engines which are equipped with a system to reduce polluting Nitrogen Oxide vehicle emissions by injecting an urea-based fluid, AdBlue®, into the exhaust system. A dashboard message will remind you when the AdBlue® needs topping up via specific Adblue filling cap located next to the usual Diesel fuel filler cap. A full tank of Adblue will last for 6 full tanks of Diesel.

## **TCe 160**

This latest generation petrol engine from Renault features technologies to help increase torque and reduce CO<sub>2</sub>. As a result the TCe 160 delivers driver pleasure around town or on motorway routes.

## **EDC gearbox**

### **Comfort, moderate consumption and technology**

This 6-speed automatic dual-clutch gearbox guarantees smooth, jerk-free gear changes. Dynamic and responsive, the EDC responds almost instantly to the slightest driver input. In terms of economy, its fuel consumption is similar to that of a mechanical gearbox. Available with the Blue dCi 115 engine, the EDC gearbox is ideal for an enjoyable and relaxed drive in all conditions.

# Connected control

The Renault R-Link 2 multimedia system delivers an enriched driving experience. Intuitive, ergonomic and touch-sensitive, the 7" screen is extremely easy to use. The graphic interface is similar to a tablet: move icons by tapping and dragging, or read by scrolling and zooming.

The new customisable home pages provide easy access to your favourite functions. Six different user profiles can be stored. At just the press of a button, everyone can restore their own personal navigation and multimedia settings, their activation of driving assistance function or the ambience of "their" dashboard.

Because it's connected, R-Link 2 gives you access to the R-Link Store and its range of apps dedicated to motoring. Also available is a whole host of services such as TomTom\* real-time traffic info and driving assistance functions.

A veritable control centre for the vehicle's functionalities and featuring voice recognition, R-Link 2 optimises the on-board experience and introduces you to the delights of connected and personalised driving. And now compatible with Apple CarPlay™ and Android Auto™^ for even greater connectivity!

\* For a limited period. ^ Compatibility: An Android phone running Android 5.0 (Lollipop), an iPhone no earlier than iPhone 5 & iOS 7.1. Connecting a smartphone to access Android Auto™ and Apple CarPlay™ should only be done when the vehicle is safely parked. Drivers should only use the system when it is safe to do so and in compliance with the requirements of The Highway Code. Drivers should be aware of the potential of hands-free technology to distract a driver's attention from the road, preventing them from having full control of the vehicle. Standard on Dynamique Nav and above (built from w17 2017).

Model illustrated includes hands free parking

# Assisting your motoring every day

Making your motoring easier, more relaxed, safer and more fluid is one of the Renault KADJAR'S missions. Its driving assistance systems make it a breeze to adjust your speed, keep straight, check blind spots, park or automatically switch to dipped or full beams depending on whether other vehicles are in the vicinity. With KADJAR, driving is as safe as can be.

## Speeding alert with traffic sign recognition

The system helps you adapt your driving to road sign data captured by the camera. A visual alert is shown on your dashboard and suggests saving it as the value for the speed limiter.

## Hands free parking

Tight spots have never been so easy to handle as with hands free parking. The system assesses the available space and defines the trajectory. Let it take control of the steering for hassle-free parking.

## Blind spot warning

This system detects the presence of vehicles in your blind spot. It automatically alerts the driver using a light signal located on the front left or right door mirror.

## Active emergency braking system

This system alerts the driver if there is a risk of collision with the vehicle in front. If the driver reacts insufficiently or not at all, the brakes are activated to prevent or mitigate a collision.

# BOSE® Sound System

## Explore new sounds

Delivering deep bass and treble frequencies for a realistic sound experience, the Bose® sound system turns the cabin of your crossover into a concert hall. Seven high-performance speakers and a subwoofer emit a panoramic sound, assisted by a specially configured digital amplifier. With clear tones, tight rhythms and subtle chords, the sound is rich, balanced and precise in the front and the rear. The Renault KADJAR is both a motoring and a musical adventure...

# Versatility and practicality

Offering spaciousness, intelligent modularity and storage capacity, the Renault KADJAR offers a wealth of qualities. To push the boundaries, it includes the "One touch" easy folding system, which features handles in the boot to unlock and automatically fold down the 60:40 split rear seat. The two positions of the boot floor allow you to choose between a high position that forms a completely flat floor and a low position providing a load volume of 527 litres. The boot can also be divided into two or three spaces for smart and protected storage. Storage spaces are also in full force, with a 30-litre capacity spread throughout the cabin, making the on-board experience a breeze.

Renault KADJAR  
Start living.

# Leather interiors

## The luxury of Leather

A luxurious leather interior complements the look and feel of the Renault KADJAR. From the moment you open the door, experience the opulent styling and unmistakable aroma of real leather allowing you to enjoy the ultimate in style and exclusivity. The finest, hand selected hides are carefully crafted and fitted to all the front and rear seating, along with the door and central armrest. Enjoy the durability and supreme comfort of a luxury leather interior that matures, beautifies and shrugs off the wear and tear of everyday life.

## Leather quality

Our designers use only the finest premium automotive grade hides that have been carefully hand selected for consistency of grain, tone and texture. The latest technology is then used to precision cut and stitch the leather for a supreme finish that will stand the rigours of time.

## Content of the kit

The Leather Interior pack includes leather on front and rear seats and headrests, front central armrest and door inserts, front and rear.

## Choice of colours, colour of stitching

Choose between Midnight Blue, Saddle Brown, Dark Red or Cream Beige. The colours are brightened up by white stitching.

## Artisan Leather Interior

You can take the personalisation of your Renault KADJAR to the next level by selecting a colour or design from our premium Artisan range. Incorporating colours from the bespoke Artisan range along with a wide range of contrasting stitch colours gives you the opportunity to ensure that your Renault KADJAR has its own individual style and character.

\* Official fuel consumption figures are produced for comparison purposes and are measured according to the European Regulation 692/2008 and may not reflect real life driving results. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. \*Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site [www.vca.gov.uk](http://www.vca.gov.uk). # Renault Services

## 3 Years Warranty

Your vehicle is covered by a warranty package for up to 3 years from date of first registration (unlimited mileage during the first 24 months, followed by a further 1 year limited to a total mileage of 60,000). Your Renault Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years.

For Warranty Terms and Conditions please visit [www.renault.co.uk/warranty](http://www.renault.co.uk/warranty)

## 3 Years Roadside Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Dealer. This service is available 24 hours a day and is provided for 36 months from the date of first registration. Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Renault Assistance applies to mechanical or electrical defects which are covered by warranty.
