

RENAULT CAPTUR

E-Tech full hybrid

also available in
E-Tech plug-in hybrid,
full hybrid and petrol engine

4th April 2023

athletic and elegant SUV

With its muscular shoulders, powerful hybrid engines and generous interior space, Renault Captur asserts its character.

Allow yourself to be won over by the captivating design of the E-Tech engineered full hybrid 145 or plug-in hybrid 160.

athletic lines

With its sculpted sides, muscular shoulders, wider grille and expressive bumper, Renault Captur asserts its SUV look.

With a motorsport-inspired gun metal grey F1® blade, special badges and exclusive 18" le castellet R.S. line alloy wheels, Renault Captur R.S. line boasts an athletic silhouette.

At the front and at the rear, it is even more elegant and high-tech thanks to its C-Shape LED lighting signature.

Inside, the R.S. line also stands out: aluminium pedals, R.S. line upholstery and steering wheel enhanced with red top-stitching.

Captivating E-Tech engineered design

Renault Captur causes a stir with its E-Tech engineered full hybrid and plug-in hybrid version: glossy black grille and rear end panel, warm titanium touches on F1® blade and double exhaust pipes.

A black and gold E-Tech badge is its rear signature and it sports stylish 18" E-Tech engineered Le Castellet diamond cut alloy wheels with gold inserts.

Discover the same bold styling inside. With E-Tech emblem on the steering wheel, and a dashboard with glossy black trim enhanced with warm titanium touches that match the seats.

05. advanced driver assistance systems

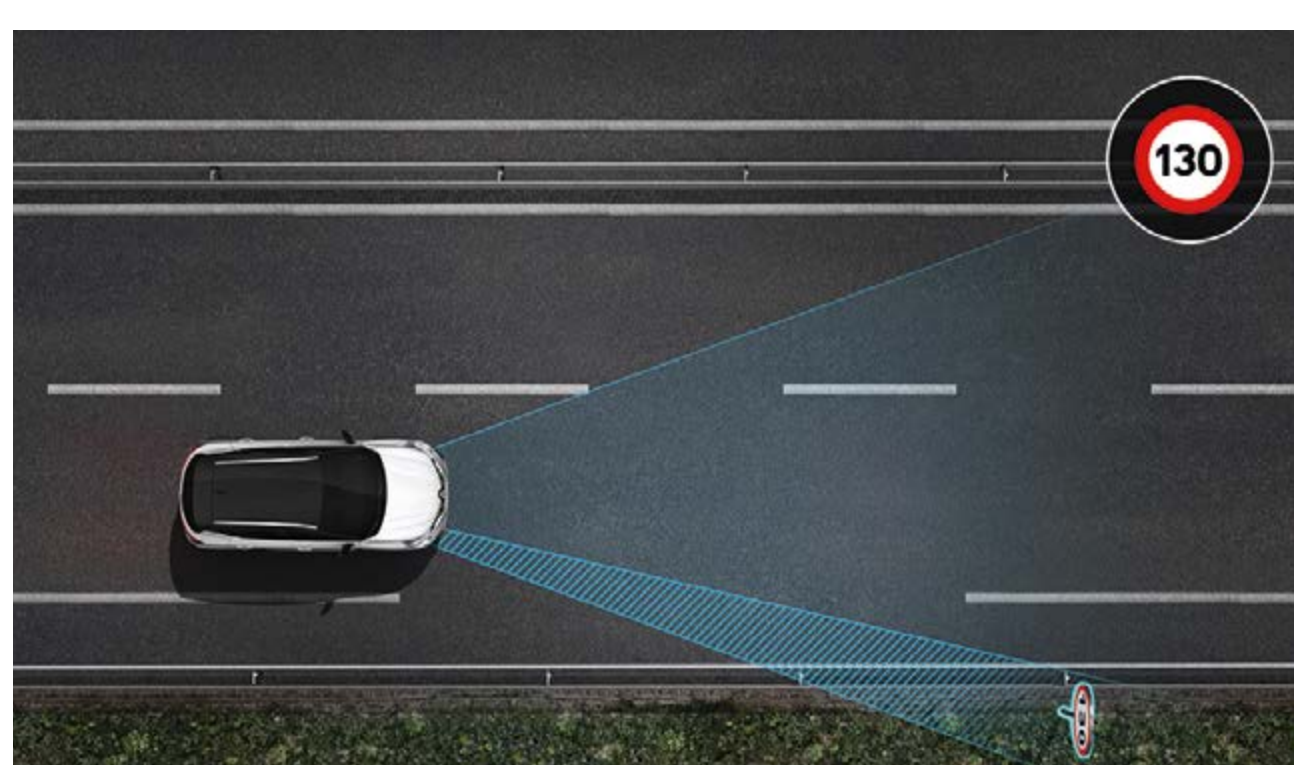

up to 14 advanced driver assistance systems

Renault Captur is equipped with up to 14 innovative advanced driving assistance systems. Tried and trusted, it promises a safe and secure driving experience.

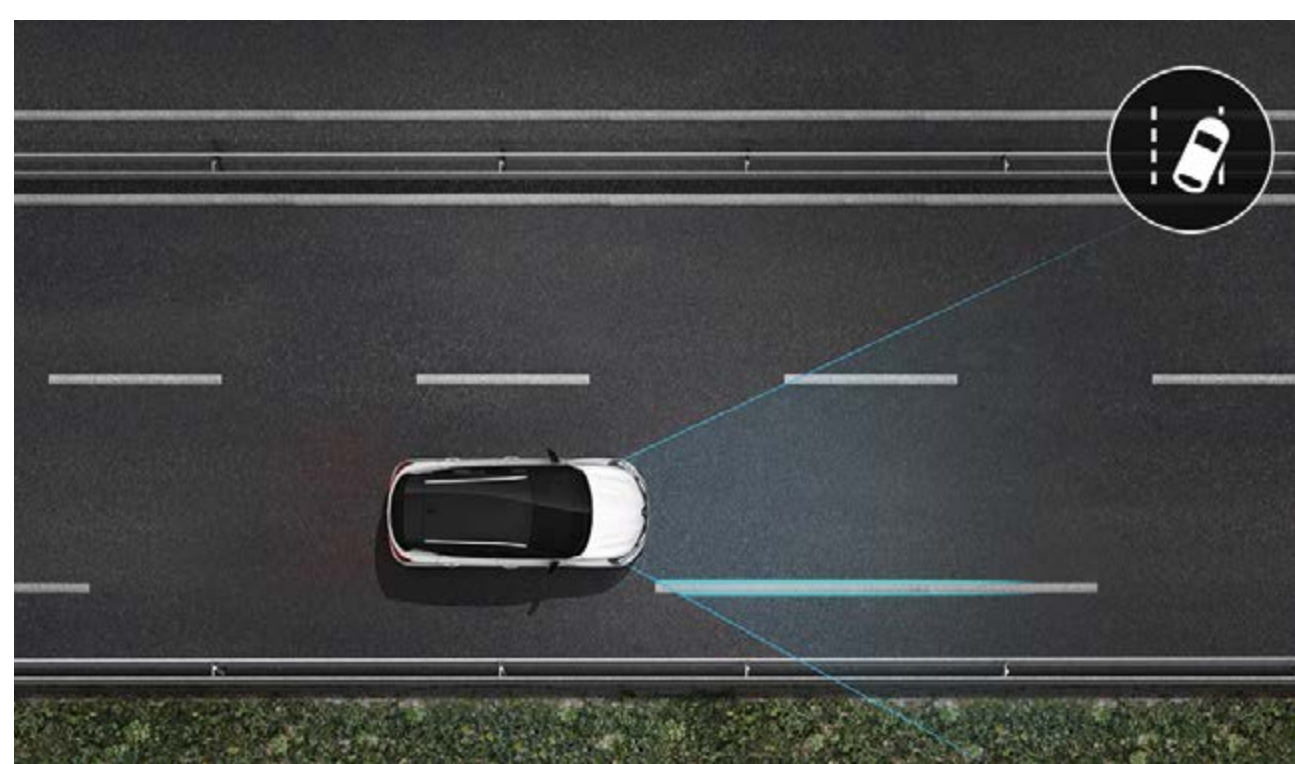

safe following distance warning

A radar at the front of your vehicle calculates the safe following distance between you and the vehicle in front. If there is any risk of collision, the system triggers an audio and visual warning.

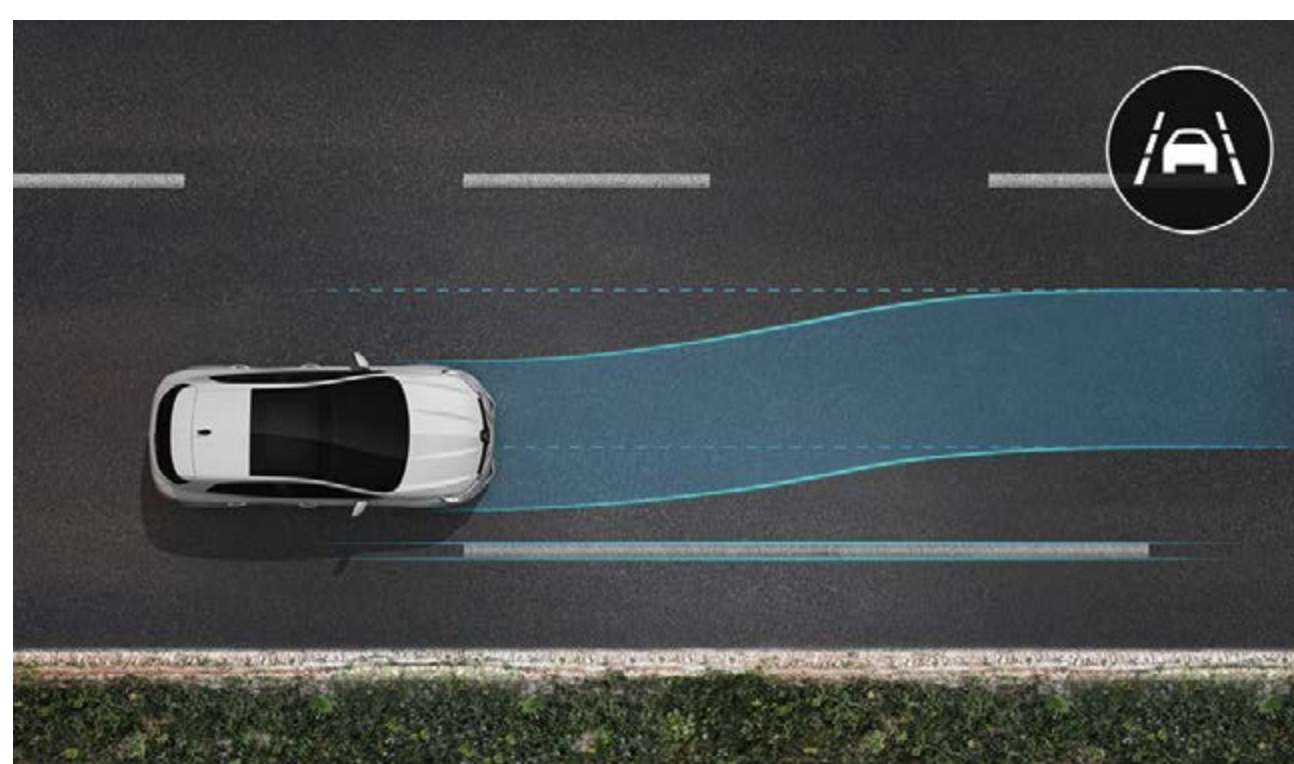

road sign recognition

It keeps you informed via the instrument panel of the speed limits along your route thanks to a camera.

lane departure warning

This system lets the driver know if they unintentionally cross any solid or broken lines, using a camera located on the windscreen, behind the rear-view mirror.

lane keeping assist

Active between 70 km/h and 160 km/h, this system corrects the steering wheel, returning the vehicle to its lane if you ever cross a continuous or broken line without indicating.

driver assistance systems

- road sign recognition and speeding alert
- cruise control/speed limiter
- gear change assist
- auto headlights
- automatic windscreen wipers with rain sensors

park assist systems

- front and rear parking sensors*
- rear view camera*

safety assistance

- safe following distance warning
- lane departure warning
- lane keeping assist
- automatic main beam/dipped headlight activation*
- hill start assist
- AEBS - active emergency braking system

* from techno, except rear parking sensors which are across the range

accessories

off-road styling bars

Enhance your look and add kerb appeal with our off-road styling bars.

satin grey door mirror casings

Add a touch of style and personality to your Captur with these door mirror casings, finished in satin grey.

illuminated Captur door sills*

An elegant and modern touch everytime you open the doors of your Renault Captur. Finished with the Captur logo, these sills also protect your vehicle's doors from damage.

touring

Enjoy adventure? Take your pick from our range of touring accessories - roof bars, roof boxes, bicycle racks and tow bars. Let us make adventure easy.

boot protection

Essential for protecting the boot of your Renault Captur from dirt and debris. The liner fits the boot of your vehicle perfectly and it's semi-rigid material makes it easy to both fit and clean.

* also available in a non-illuminated version.

Accessories are fitted post production and may have an impact on WLTP fuel (actual) consumption and CO₂ figures.
